What is the HHS Mandate?

In January, the U.S. Department of Health and Human Services (HHS) has issued a mandate requiring all employer health plans to include free contraceptives, sterilizations and abortion-inducing drugs, regardless of any moral or religious objections. Catholic universities and hospitals will be forced by the federal government to provide services that directly contradict Church teaching.

The HHS Mandate is an unprecedented assault on religious freedom and must be opposed!

The Nationwide Rally for Religious Freedom is a joint project of the Pro-Life Action League and Citizens for a Pro-Life Society.
